

Internet access that fits your budget.

Accelerate your business

Speed and reliability. You need an Internet connection that you can depend on 24x7, without breaking your budget.

AT&T Internet Access takes you where you need to go with highspeed, cost-effective Internet access for all your business communication needs. Move large files, stream multimedia and make web-enabled presentations.

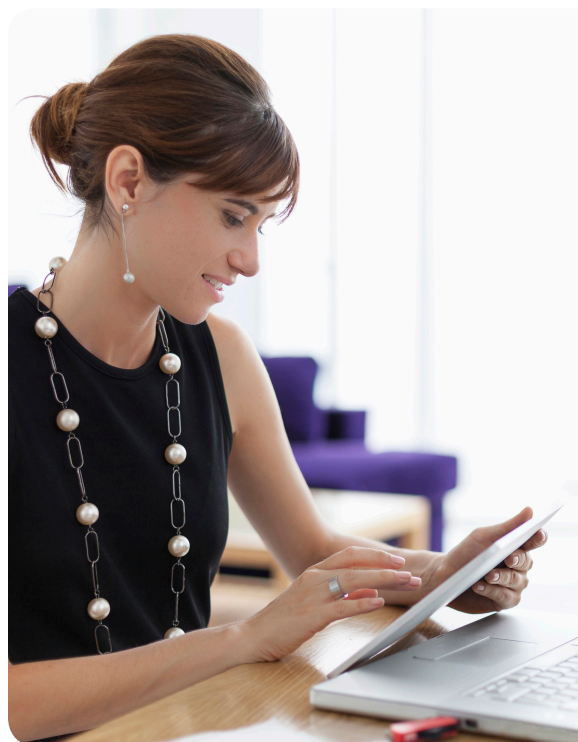

Connectivity simplified

Built upon the trusted AT&T IPbased network, AT&T Internet Access delivers always-on access at a fraction of the cost of T1-based services. Connecting is simple.

PCs and devices access the IP backbone using a Wi-Fi modem or router connected to a broadband network, and can achieve up to 75 Mbps speeds.

Protection and reliability

AT&T Internet Access makes staying in touch with colleagues, staff, partners and customers fast and easy. You also gain robust virtual private network connectivity to protect your data, backed by the AT&T 24x7 customer care promise.

Potential benefits

- Boost productivity with high speed “always on” connectivity
- Improve data security that extends to remote offices
- Tighten communications with co-workers and customers
- Keep costs in check with dedicated Internet access

Features

- Built upon the trusted AT&T IP backbone
- Flexible speed options up to 75 Mbps
- Highest levels of authentication and data encryption support
- Choice of static and dynamic IP addressing
- Wi-Fi enabled modems and routers
- Dedicated 24x7 customer care
